## Introduction

---

Your university has taken deliberate and specific actions to ensure that you enjoy the best and safest possible campus experience. These efforts have made USCB a safe, comfortable and welcoming place for students, faculty, staff, and visitors to our university. Your safety and wellbeing is very important to us, you are our priority.

The wellbeing of our students and staff on the University campus is a natural source of concern for parents and university employees. The University recognizes this and employs a number of security measures to protect the members of its community. Although the coastal Carolina Sea Islands region, with its beautiful natural areas, abundant beaches, small-town feel and hospitable attitude, is perceived to have a relatively low crime rate, no campus is totally isolated from crime. Consequently, crime prevention remains a high priority.

The University is committed to providing a safe and secure environment for our community and guests and works hard to ensure the safety of every person. But we also need your help. Please read and follow the suggestions in this guide so that, together, we can prevent crime in our community and make USCB a safe and enjoyable environment for everyone.

The campuses are located in both Bluffton and Beaufort, South Carolina, located just 20 miles north of the historic and vibrant city of Savannah and less than an hour south of beautiful Charleston. The University has more than 2,000 students enrolled and approximately 400 students live in campus residence halls. The University also employs more than 400 full-time and part-time employees.

## Criminal Offense Information

The incidence of crimes that occurred during the preceding three calendar years are listed in this publication, which can be printed from the Web site [http://www.uscb.edu/campus\\_life/public\\_safety/index.php](http://www.uscb.edu/campus_life/public_safety/index.php) by clicking on the link to the Clery Report. The University's students, faculty and staff are informed of the publication by mass e-mail and

directed to the site of the report. Prospective employees and students are also informed of how to access the information.

The University Department of Public Safety serves as the responsible agency in the statistical gathering of crime data from campus security authorities and reporting of statistics involving pertinent criminal incidents, arrests or referrals. The statistics from the required geographical areas pertinent to the University are requested from the Beaufort and Hardeeville city police departments and the Beaufort sheriff's departments annually. All figures reported are incorporated in the statistical tables in this report which is published once a year on or by Oct. 1 for disclosure to the University community and the public. Offense definitions used are from the FBI's Uniform Crime Report (UCR). This information is provided in compliance with the *Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998*, the *Higher Education Act of 1965*, *Higher Education Opportunity Act 2008*, the *Drug-Free Schools and Communities Act Amendments of 1989* and the *Drug-Free Workplace Act of 1988* and their amendments.

## Disaster Situations

---

The University has a formal disaster management plan that has been approved by the governing body of the University of South Carolina-Beaufort and reviewed by Beaufort County Office of Emergency Management to establish procedures that will help officials make the best use of all available resources to manage disasters, minimize loss of life or injury and protect University resources and facilities. In the event of a disaster, the Chancellor or her designee will activate the plan immediately, establish an emergency operations center and mobilize key officials. The plan includes procedures for communicating with those immediately affected by the situation and with the general public. This comprehensive plan is compliant with the requirements of HSPD-5, including the National Incident Management System NIMS. For further information regarding the University's Disaster Management Plan, please see the following

## Timely Warnings

---

In the event that a situation arises, either on or off campus, that, in the judgment of the Chief of University Police, constitutes an ongoing or continuing threat, a campus wide "timely warning" will be issued. Depending on the particular circumstances of the crime or other emergency, especially in all situations that could pose an immediate threat to the University community, the Department of Public Safety may post a notice on the campus-wide e-mail system, the University web site, the Campus Public Address system and the University Emergency Alert System.

## Community Timely Warning or Advisory Policies

In the event that a notice or warning is necessary to the university community, several methods have been identified to distribute information in multiple formats to allow the rapid dissemination of information to the widest number of our students, staff, faculty and visitors as is possible, your safety is our primary concern and we will make every attempt to keep you fully informed. The various elements of the Community Timely Warning System are:

1. If a problem appears to be confined to a building or group of buildings, notification will appear in the form of door hangers or posters. In extreme cases, working with housing, notification may be made in the form of residential meetings or meetings with the members of the affected classroom or administrative buildings.

The Department of Public Safety also utilizes test messaging, audible alerts, and email to disseminate important information via the Emergency Alert System (EAS). All students are encouraged, through V.I.P., to sign up for the Emergency Alert System's very valuable service to receive Campus Alert Text messages and emails.

2. Additionally, warnings or advisories affecting any part or all of the university community will be posted on the USCB DPS web site, crime alert page:

➤ [http://www.uscb.edu/campus\\_life/public\\_safety/crime-alert.php](http://www.uscb.edu/campus_life/public_safety/crime-alert.php)

3. When the need arises for notification of the entire community, there are several resources available for that purpose:

- ❖ Television-Televisions on campus and in Housing units will be interrupted to enable emergency messages to be broadcast to those watching television.

---

## Emergency Response Notification and Evacuation

---

Upon determination of a significant emergency or dangerous situation involving an immediate threat to the safety or health of the University of South Carolina Beaufort Community, the University will immediately notify the appropriate segment(s) of campus using one or more of the communication mediums in the Emergency Alert System.

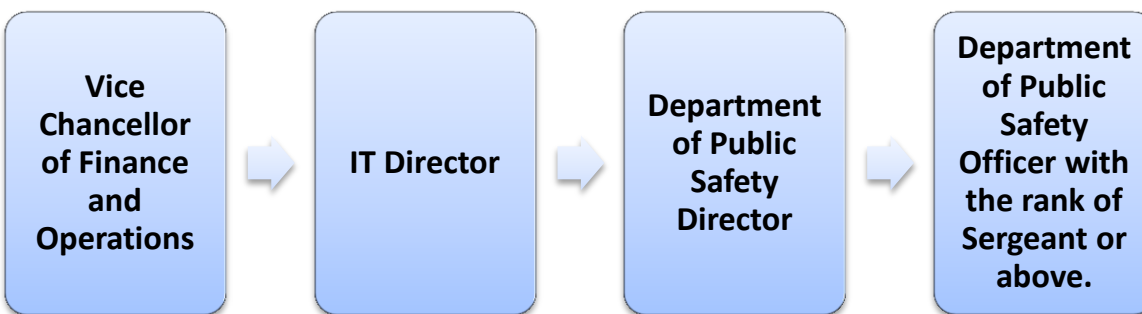

Upon receiving a report or notification regarding a significant emergency or dangerous situation involving an immediate threat to the safety, the USCB Department of Public Safety (DPS), with the assistance of other appropriate departments, will confirm the emergency or dangerous situation prior to sending out an emergency notification. Notification may not be made if it would compromise or impede efforts to assist victim(s), or contain, respond to, or mitigate the emergency.

After confirmation of the emergency, several factors will be considered to determine which segment(s) of campus will be notified and which communication mediums within the Emergency Alert System (EAS) will be utilized: the type of hazard, potential life and property safety issues, how quickly the notification needs to be received, who specifically and how many need to be notified, and the capabilities/limitations of the medium. These criteria will also be utilized to determine the content of the notification and the medium(s) used to deliver the message.

The EAS is comprised of a variety of mass notification mediums (i.e. text messages, warning announcements, email, etc.) Each communication method has strengths, weaknesses, and limitations. As such, it is valuable to consider an emergency communication system that utilizes multiple delivery methods to ensure a greater coverage of the intended recipients, and redundancy. Each system is tested at least once annually. If evacuations are necessary, students and staff will be directed on where to evacuate based on the nature of the emergency.

All students are encouraged, through V.I.P., to sign up for the Emergency Alert System's very valuable service. Details are available on the uscb.edu homepage.

**The listed officials, or their designees, are authorized to enact the Emergency Alert system:**

Events that qualify for emergency notifications include, but are not limited to, the following:

- ✓ Severe Weather Warning
- ✓ Natural Disaster

- ✓ Structure Fire
- ✓ Dangerous or Serious Crime in Progress or Other Police Emergency
- ✓ Active Shooter
- ✓ Suspicious Person Alert
- ✓ Bomb Threat
- ✓ Power Outage
- ✓ Chemical/Nuclear/Biological Spill or Other Hazardous Materials Incident
- ✓ Airplane Crash

---

## Fire Emergency

---

The first rule is don't panic. Become familiar with emergency exits, fire alarm and extinguisher locations in your residence and in your academic buildings. In the event of a fire, pull the nearest fire alarm to notify others and leave the building immediately. Evacuate and call DPS at 843-208-8911 to ensure the alarm was received. All residence hall apartments are equipped with fire sprinklers, smoke detectors, and fire extinguishers.

---

## Severe Weather

---

**Hurricane:** If a hurricane warning is issued that may affect the University, an evacuation of the housing area and/or University closing may be necessary. Plans are in place to evaluate all circumstances before an evacuation decision is made. Once evacuation is called for, the University will notify campus residents to evacuate to appropriate shelters. After the storm, the directors of public safety and facilities management will inspect the situation and determine if it is safe for students to return to their residence hall or apartment. In the event of a hurricane evacuation, USCB will be closed and secured. No one is to enter the Historic Beaufort or Hilton Head Gateway campuses until a reopening announcement is broadcast. As long as telephone service is available, contact (843) 208-8000 for updates.

**Tornado & Thunderstorms:** The Department of Public Safety will notify the University community when severe thunderstorms are predicted and the weather becomes threatening or a tornado has been sighted in the area. The Department of Public Safety will advise persons in University buildings.

---

## Police Protection

---

The University's Department of Public Safety provides high-quality, professional crime prevention, protection, and law enforcement services, to maintain and promote safety and the security of property for the campus and its associated locations. The primary objective of the Department of Public Safety is to provide a safe, healthy environment that enhances the campus learning experience and complements the University's educational mission. The department provides full-service police protection to the campus community. The Department of Public Safety is a fully independent law enforcement agency, reporting to the Vice Chancellor for Finance and Operations, and is responsible for law enforcement, criminal investigations, emergencies and campus awareness education.

The University Police officers are sworn and certified officers with comprehensive arrest powers in the state of South Carolina. University police officers have the authority to enforce all state laws, Beaufort County ordinances, and University regulations. These law enforcement powers are granted by the State of South Carolina Code of Laws in section 59-116-30. The University Police Officers are also appointed and commissioned as State Constables by the Governor of South Carolina as provided by Title 23, Chapter 1, Article 60, *Code of Laws of South Carolina*, 1976, as amended. As such, they are also empowered with full police powers to enforce the laws of South Carolina, including the powers of arrest, anywhere in the state.

The Department of Public Safety has worked with federal, state, county and municipal law enforcement agencies to investigate matters of mutual interest. DPS participates in intelligence sharing associations with all area law enforcement agencies. DPS also conducts training and exercises with local agencies to better coordinate cooperation. As well as working closely particularly with the county law enforcement agencies in mutually supportive operations.

The Department has enjoyed a successful professional association with local and state prosecutors, the court system, coroners' offices, insurance and other private investigators, and other regulatory agencies. University officer's work closely with the Beaufort and Hardeeville police departments, the Beaufort and Jasper County Sheriff's Officers and the local contingent of the State Law Enforcement Division to handle any incidents that occur off-campus.

Public Safety officers also patrol the campus to assist the campus community. Public Safety officers are not police officers and they do not have arrest powers although they can write campus parking tickets. Public Safety officers are tasked with monitoring activity on campus, opening and closing buildings, providing limited motor vehicle assistance, safety escorts and controlling access at the residential areas of campus.

Department of Public Safety officers patrol the campus 24 hours a day by motor vehicle, bicycle, golf cart, and on foot. Officers are in radio communication with each other and the Department of Public Safety communications center. The communications center is manned 24 hours a day, every day. The communications center is responsible for taking telephone requests for service, dispatching officers, and monitoring alarm and video systems. All public safety personnel may be reached by calling 843-208-8912 (non-emergencies), or 843-208-8911 (emergencies) or 911 from any campus phone. The offices of the Department of Public Safety are located at the entrance to Palmetto Village Campus Housing, at One South Campus Drive.

- Increase police coverage for the university community by expanding programs currently offered and adding new services and staff as required.
- Increase communications by routinely publishing information on crime prevention and awareness, and by providing educational programs to increase the community's knowledge and safety as it relates to police services.
- Meet the challenges of maintaining and improving law enforcement services, which will be needed in a rapidly growing university, by aggressively seeking, employing and retaining high-quality law enforcement professionals.
- Train all officers, on a continuous basis, to be knowledgeable of the changing laws and procedures that law enforcement officers deal with on a daily basis.
- Maintain and upgrade fire safety systems, alarm and surveillance systems, patrol vehicles, and other police equipment needed to effectively provide comprehensive police services.

## Policy for the prompt Reporting of Crime

---

The prevention of crime is a shared responsibility between law enforcement and the population it serves. At the University, crime prevention is equally divided between the Department of Public Safety, the faculty, staff, students and visitors. Every individual needs to realize that apathy promotes criminal activity and personal involvement prevents it. Do not become apathetic should you witness something suspicious. Do not assume someone else has, or will, report it. If you suspect a crime is being committed or has been committed, whether you are the victim or a witness, contact the Department immediately. Call the Department of Public Safety at 843-208-8912 or, if it is an emergency, call 843-208-8911 (or from an on campus telephone call 8911) or Beaufort County Dispatch at 911 or utilize one of the many call boxes located throughout campus. If you reside off campus, call the local authorities.

### When you call the police, be prepared to provide the following information:

- ❖ Your name and telephone number;
- ❖ Type of incident or suspicious activity;
- ❖ The location of the incident about which you are reporting;
- ❖ The description of the suspect and his/her location or direction of escape;
- ❖ The description of any vehicles involved in the incident and any need for medical assistance.

In addition to the telephone emergency number, outdoor **Emergency Call Boxes** provide one-button instant communication with the Department of Public Safety and a direct link to the County 911 system, and are located conspicuously around the campus.

These are intended to provide members of our community with a convenient and quick method of contacting the Department of Public Safety in the event of an emergency. By pressing the "emergency" button on this box, you are immediately placed in contact with the police dispatcher and the blue light on top of the post will begin to flash. You may use this call box to report any type of emergency whether fire, medical, or crime-in-progress or even if you simply need police assistance. They may also be used in the event of a need for an escort by the Department of Public Safety late at night to any point on campus or for non emergency assistance by using the Information button located below the emergency button, DPS officers will be happy to assist you.

## Hilton Head Gateway Campus (South Campus)

South Carolina's newest campus, the Hilton Head Gateway campus is on US 278 in Bluffton, just minutes from I-95. It offers students a centrally located, 200-acre campus with new facilities including state of the art science labs, South Carolina's newest library with its own cybercafé, and a Campus Center with dining, recreational and fitness facilities, all within easy driving distance to Savannah, Charleston and Hilton Head Island's resorts and restaurants. The Hilton Head Gateway Campus also offers on-campus, residential living in Palmetto Village, which opened in 2005.

## Law Enforcement

The Hilton Head Gateway Campus is located at One University Boulevard, Bluffton, South Carolina 29909, serves as the main campus, university administration, and location of the onsite campus housing. The University Department of Public Safety is the primary provider of Law enforcement services on the campus and can be contacted by calling 843-208-8911, using a campus emergency call box, or at the DPS office located at One South Campus Drive.

## Fire Protection

Fire protection is provided by the Bluffton Fire Department, for fire service call DPS at 8911 or County Dispatch at 911. Beaufort County EMS provides advanced life support for emergencies occurring at this campus. Fire Safety Officers with the University DPS will conduct inspections for compliance of all University Buildings and On Campus Student Housing, provide fires safety information and conduct fire/safety programs, including the four annual fire alarm drills for Campus Student Housing at the Palmetto Village Complex. Fire Safety Officers inspects fire extinguishers on a monthly basis during its inspection of campus buildings.

---

## CAMPUS SECURITY AUTHORITIES

---

Although the reporting of criminal activity directly to the Department of Public Safety is encouraged as the primary law enforcement and security authority, crimes may also be reported to Campus Security Authorities (CSA). Campus Security Authorities are members of the University community whom students, faculty or staff may report alleged criminal offences too, that they may not otherwise wish to report directly to the University Police or need assistance in

doing so. Report's of the types of crimes that CSA's need to send to DPS are those listed in the Annual Crime Statistics found at the end of this document.

CSA's are University officials who have responsibility for campus security, enforcement or compliance and who have significant responsibility for student and campus activities. CSAs forward non-identifying information to the Department of Public Safety for inclusion in the annual security report, regardless of whether or not the victim chooses to file a report with law enforcement or press charges.

### Campus Security Authorities whom crime reports maybe made;

Director of Housing and Judicial Affairs  
Director of Student Life  
Residence Director  
Assistant Director for Student Life  
Director of Athletics  
Coordinator for Recreation, Fitness and Intramurals  
All Athletic Team Coach's  
Faculty advisor's to student groups  
University student Resident Advisor's

The function of a Campus Security Authority is to **forward crime reports to your campus police** and **keep documentation of all crime reports of those allegations** of Clery Act crimes that he or she concludes were made in good faith. CSA's will notify the DPS Clery Compliance Officer in a timely matter of reports they have received. The Universities KSA are provided a special KSA Report that they may utilize. CSA's should send reports to the DPS Compliance Officer at [PEQUEGNAT@uscb.edu](mailto:PEQUEGNAT@uscb.edu) or by interdepartmental university mail to: DPS Attention Compliance Officer.

## Crime Prevention Efforts and Personal Safety Programs

---

It should be noted that violent crime on campus is rare. The most prevalent crime our community experiences is theft. Generally, valuable items left unattended in vehicles or in residence halls are the prime targets. Care should be taken to lock residence hall rooms and remove valuables from vehicles. It is also noteworthy to remember that several areas around our campus are open to the public. The most prominent of these is the Library and it is not uncommon to see

non-students in these areas. Care should be taken in these areas to keep personal property under close watch. Textbooks and laptop computers are very desirable because they are easily sold.

DPS regularly addresses the community in form of Safety Presentations designed to educate our constituents about methods of personal safety. These presentations cover several topics:

- ❖ **Residential Safety;** methods of securing your living space both on campus and off campus.
- ❖ **Parking Area Safety;** precautions useful in preventing theft and vandalism of your vehicle as well as insuring your personal safety in and around parking lots.
- ❖ **Campus Safety;** General and specific methods of personal protection. Detailing areas that are safe for our community and identifying tools available to enhance personal safety.
- ❖ **Workplace Violence Prevention:** Learning the warning signs of potential workplace violence and preventive measures.
- ❖ **Project ID:** Free engraving for personal and university property. We also maintain a database of articles engraved.
- ❖ **Sexual Assault Prevention:** A general lecture on personality traits of those who perpetrate sexual aggression. Identification of resources available to our community for dealing with such aggression. RAD, a nationally syndicated program of self-defense *for women only*. Available at no cost and taught by nationally certified instructors.
- ❖ **Safety Escort Service:** University Police officials are available to escort faculty, staff, students and visitors to and from areas on campus by contacting DPS at 208-8912.
- ❖ The Department of Public Safety also assists in providing safety presentations to all incoming freshman through University 101.

To get more information about these programs or to schedule a program, contact DPS at 208-8912.

## IMPORTANT

Do you ever get the feeling something isn't right? Call the DPS @ 843-208-8911 and make a report. It may be nothing or it may be a crime about to happen. Please enter the number of your local police agencies into your cell phone before you need to call.

## Missing Student Policies

---

This policy establishes a framework aimed at assisting the University in locating residential students who are reported missing. A student shall be considered missing when they are absent from the residential facilities for 24 hours with no known reason. All reports of missing students shall be directed to the University DPS officer on duty. DPS and the Vice Chancellor for Student Development shall make a determination if the student is missing in accordance with this

policy. All students shall have the opportunity to identify an individual to be contacted by USCB if the student is determined to be missing. If the missing student is under 18 years of age, the University is required to notify the parent or guardian within 24 hours of determination the student is missing. DPS will notify an appropriate authority no later than 24 hours after a student is determined missing. The Vice Chancellor for Student Development shall have the responsibility to make this Policy and Emergency Guidelines available to residential students and to collect the pertinent contact information.

## Missing Student Procedure and Emergency Guidelines

At the beginning of each academic year, the University will inform students residing in campus housing that the university will notify either a parent or an individual selected by the student not later than 24 hours after the time the student is determined to be missing. This will include the following:

- ❖ Students have the option of identifying an individual to be contacted by the University not later than 24 hours after the time the student has been determined to be missing. Students can register this confidential contact information through the Housing Office.
- ❖ If the student is under 18 years of age, and not an emancipated individual, the University is required to notify a custodial parent or guardian not later 24 hours after the time that the student is determined to be missing.
- ❖ The University will notify the appropriate law enforcement agency not later than 24 hours after the time that the student is determined to be missing.
- ❖ If DPS or law enforcement personnel have been notified and make a determination that a student who is the subject of a missing person report has been missing for more than 24 hours and has not returned to campus, the University will initiate the emergency contact procedures in accordance with the student's designation.

**The University will follow this notification procedure for a missing student who resides in university housing:**

- ❖ Once DPS receives a missing student report via any source, the following offices will be notified: -DPS Director -Vice Chancellor for Student Affairs -Vice Chancellor for Finance and Operations -Housing Office.
- ❖ Any official missing person report relating to this student shall be referred immediately to DPS.
- ❖ If DPS, after investigating the official report determines the student has been missing for more than 24 hours, USCB will contact the individual identified by the student, the custodial parent or legal guardian if the student is under 18 and not emancipated, or local law enforcement if these do not apply.

**Upon notification from any entity that a residential student may be missing, University DPS may use any of the following resources to assist in locating the student. These resources may be used in any order and combination.**

- ❖ The Housing Office may be asked to assist in physically locating the student by keying into the student's assigned room and talking with known associates.
- ❖ DPS may search on campus public locations to find the student (library, cafeteria, etc.).
- ❖ DPS may issue an ID picture to assist in identifying the missing student.

- ❖ DPS and the Vice-Chancellor for Student Affairs may try to contact known friends, family, or faculty members for last Sighting or additional contact information.
- ❖ Students or academic departments may be contacted to seek information on last sighting information.
- ❖ DPS may review card access logs to determine last use of the card and track the card for future uses.
- ❖ DPS may access vehicle registration information for vehicle location and distribution to authorities.
- ❖ Computer Services/IT may be asked review use of University computing systems.
- ❖ Any indication of foul play, the local police department will immediately be contacted for assistance.
- ❖ The University will notify a custodial parent or guardian, within 24 hours of a determination that the resident student, under the age of 18 and not emancipated, is missing.

### **Crime Prevention Tip!**

### **Preventing Break-ins and Theft**

The following tips help prevent vehicle break-ins, which could lead to theft of the vehicle itself or of property items from the vehicle.

- \* Park in open, well-lighted, and populated areas near your destination. Avoid parking near trucks, vans, dumpsters, and other objects that obstruct visibility and provide hiding places.
- \* Avoid parking near strangers loitering or sitting in vehicles.
- \* If you have to park on a street, avoid dark or isolated areas. Park under a street light or in the open where your car can be seen by passersby.

- \* Turn off your engine, roll up all windows, lock all doors, and take your keys with you even if you are making a quick stop at a store or gas station, or even in your driveway. Close all windows and lock the doors and trunk.
- \* Don't leave spare keys in your vehicle. An experienced thief knows all the hiding places.
- \* Don't leave your vehicle in an unattended public lot for an extended period time.

---

## **Access and Security of Campus Facilities**

---

Except for student residential areas, most of the University facilities are open to the community during day and evening hours. When the University is officially closed, buildings are secured and only faculty, staff and preapproved students with proper identification are admitted.

Only those persons having legitimate business with the University or its members, members of the University community and their invited guests are permitted in a building. The University reserves the right to exclude all persons not conforming to acceptable behavior standards from these premises. Those who disregard this warning are considered in violation of criminal trespass (under South Carolina code provisions) and are liable for prosecution.

DPS officers may serve verbal or written trespass notices to persons posing a threat to the community and may make immediate arrests of persons in secure areas for which they have no legitimate business. If a person served with a prior trespass notice reappears on campus, or if a person is found in a posted facility with no legitimate purpose in that building, he or she is subject to immediate arrest.

### Residence Halls:

Residence hall entrances are accessible with electronic key fobs issued by Housing Staff. These employees are charged with the responsibility of checking the identification of those entering the residences as well as the enforcement of curfews and housing rules and policies. They also have direct contact with the DPS via telephone. DPS also monitors cameras located at the entrances to all Housing units.

### Classrooms:

These buildings are within designated patrol sectors and are patrolled twenty-four hours per day, seven days a week on the Hilton head Gateway Campus. Officers are on duty at the Historic Beaufort Campus from 7 AM until 11 PM and on days when classroom buildings are occupied.

### Libraries and other Public Buildings:

Many areas of the University are open to the public. Extra attention is given to these areas in the routine patrol plan as well as the policy of the individual buildings. All areas frequented by students on campus are staffed with University personnel who are instructed on the best method of contacting the police department. These instructional presentations are conducted as needed or generally on an annual basis.

### Athletic Stadiums:

Before, during and after these contests, University Police and/or contract security personnel are placed on the premises to insure a safe environment. Suspicious activity observed by contract security personnel is reported to the DPS by two-way radio or telephone. Security measures are customized for the activity to be held.

### Parking lots:

Some Parking Areas have installed CCTV cameras and have Emergency Call Boxes placed in conspicuous locations. People using the lots are encouraged to report any suspicious activity to DPS. The lots are also patrolled by the Department of Public Safety.

### General Campus:

In addition to the routine patrol plan of the department of Public Safety, various weekends are chosen in which High Visibility Patrols are implemented. These patrols are designed to exhibit a concentrated police presence in areas of the campus frequented by the students at night. Special events on campus are also subject to these patrols. Off-duty DPS personnel and/or contract security, at the request of organizations sponsoring events, provide security at activities on campus.

## How the University's Department of Public Safety Responds to Crime

---

It is the policy of the Department of Public Safety to respond to all reports of crime immediately and with resources appropriate for the type of crime reported. Reports of crimes in progress to 8911, 911 calls, call-box and panic alarm calls and other calls involving imminent threat to human life or extreme property damage normally will result in multiple units being dispatched to the location of the incident. University Police Investigators as well as other local police agencies maybe called on to assist when necessary.

## SEXUAL ASSAULT

Because of the nature of the crime, victims of sexual assault are afforded extra sensitivity and consideration. All officers receive specialized training in the investigation of sex offenses. This training includes South Carolina statutory law, university philosophy and policy, support resources, victim sensitivity training and methods of successful investigation. After receiving a report of sexual assault, the Department of Public Safety will:

- ❖ Dispatch the proper number of officers to the victim's location;
- ❖ Notify the Student Services Staff; and an independent investigator as necessary.
- ❖ Contact the **Victim Witness Coordinator** who will assist with the following:
  - Collaborate with an investigator with specialized training in the area of sexual assault and relationship violence.
  - Restraining orders and/or orders of protection;
  - Relocating the victim;
  - Special parking arrangements;
  - Transportation and escort provisions;
  - Special arrangements for parents and/or witnesses in crisis situations;
  - and Any other appropriate safety arrangements.

**All employees of the Department of Public Safety will:**

- ❖ Treat victims of sexual assault with courtesy, sensitivity and understanding;
- ❖ Act thoughtfully, without prejudging or blaming the victim;
- ❖ Inform a victim of services available both on and off campus;
- ❖ Answer victims' questions and assist in explaining the criminal justice system; Keep victims informed on the progress of the case; and
- ❖ Withhold a victim's identifying information from the public and the press, in accordance with South Carolina law.

**If you are Raped, You Should Take the Following Steps:**

- ❖ **Get to a Safe Place.**
- ❖ Call 911 or 843-208-8911 immediately to reach the Department of Public Safety or the appropriate local police agency. This does not obligate you to file charges or testify in court.
- ❖ Memorize as much detail as possible about the attacker.
- ❖ If you prefer not to call the police but you want to make it known that a rape occurred, or you need crisis assistance, you may contact any of the following: **Director of Student Life Kate Torborg-Vermilyea (843-208-8115) has been trained by Hope Haven in Sexual Assault Crisis Intervention Victim Advocacy, and Asst. Director Paige Madrid-Kegley is in the process of competing this training.** Upon request, they will assist you in notifying DPS if you so desire.
- ❖ Do not bathe, douche, change clothes or rinse your mouth. These actions may destroy evidence.
- ❖ You may call and request medical transportation without divulging that you have been raped. Even if you choose not to become involved with the police, you should seek medical assistance at a Hospital or clinic

## Counseling and Mental Health Services

- ✓ Rape Crisis Center of the Lowcountry at 1-800-637-RAPE
- ✓ Citizens Opposed to Domestic Abuse (CODA) 24 hour Crisis Line at 843-770-1070 or toll free at 1-800-868-2632

When you report a campus sexual assault, you are not making a commitment to file charges or testify in court. By reporting the matter to the University Police, you can be assured of immediate physical protection and transportation to a medical facility.

- **Notification to students that the institution will change a victim's academic and living situations after an alleged sex offense, if those changes are requested by the victim and are reasonably available.**
- **Procedures for campus disciplinary action in cases of an alleged sex offense, the accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding; and both must be informed of the outcome of any institutional disciplinary proceeding.**
- **Sanctions the institution may impose following a final determination of an institutional disciplinary proceeding regarding rape, acquaintance rape or other forcible or non-forcible sex offenses; may include but not limited to, removal from Housing, Suspension, or Expulsion.**

The Federal Campus Sex Crimes Prevention Act requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already ordered to register in the state to provide notice, in compliance with state law, to each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. In South Carolina, convicted sex offenders must register with the county Sheriff's office where they reside. Nonresident offenders entering a state for employment or as a student attending school who are required to register in their state of residence or who would be required to register under this section if a resident of South Carolina shall, within 10 days of accepting employment or enrolling in school in the state, be required to register pursuant to this section. The sex offender information can be found on these Web sites:

## Crime Prevention Tip! **Safety in the Workplace**

Here are some suggestions to keep you safe while working at the University:

- When working late, make sure doors are locked.
- Avoid using stairs in remote areas of the building.
- Never prop doors open.
- Keep belongings in an area that can be locked up, such as a desk or cabinet.
- Do not hold doors open for strangers when the building is closed for the evening.
- Let others know where you are when working late.

## Harassment and Stalking Offenses

Per SC Code of Laws 16-3-1700, harassment is a pattern of intentional, substantial and unreasonable intrusion into the private life of a targeted person that serves no legitimate purpose and causes the person or any reasonable person in his/her position to suffer mental or emotional distress.

Per SC Code of Laws 16-3-1700 (C), stalking is a pattern of words, whether verbal, written or electronic, or a pattern of conduct that serves no legitimate purpose and is intended to cause and does cause a targeted or reasonable person in the targeted person's position to fear:

- death of the person or a member of his/her family
- assault upon the person or a member of his/her family
- bodily injury to the person or a member of his/her family
- criminal sexual contact on the person or a member of his/her family
- kidnapping of the person or a member of his/her family or property.

- Use the Escort Patrol Service to walk with you to your vehicle.
- Think of the “what ifs” and have a plan in mind.
- Do not be distracted while walking or jogging (phones/headsets).

Office staff should have a plan in place for emergencies such as angry or volatile customers or domestic violence situations. Contact Department of Public Safety officers for assistance with your plans.

- ❖ The Department of Public Safety takes all complaints of harassment and stalking, seriously and actively assists students, faculty and staff in dealing with matters of this type through civil and criminal means.

## Weapons Possession

Firearms and dangerous weapons of any type are not permitted in the residence halls or other University facilities, except when carried by law enforcement officers within their jurisdictions. **Possession of a firearm or dangerous weapon on campus is a felony under South Carolina Code of Laws 16-23-430 punishable by up to five years imprisonment.** Intentional use, possession or sale of firearms or other dangerous weapons by students are strictly forbidden and violate University policy and state law. Violations can result in arrest and confiscation/destruction of the weapon/ ammunition /prohibited item.

Other weapons prohibited on campus include BB guns, air guns, hatchets, knives (blades 2" or longer), bows/arrows, explosives, fireworks, dangerous/noxious chemical mixtures, incendiary devices, propelled missiles or other dangerous substances.

Approval for temporary possession or use in extremely limited and specific situations is considered on a case by-case basis and must be made to the Department of Public Safety.

## Alcohol and Drug Policies

The University recognizes, supports, and enforces all laws related to alcohol and other drugs. The University does not offer a safe haven from applicable laws of criminal behavior. South Carolina state statutes prohibit certain activities regarding alcoholic beverages or drugs. Convictions for these violations of South Carolina law could result in fines, loss of driver's license and imprisonment. The University is concerned about the abuse of alcohol and the use of drugs on all campuses. The University is in compliance with the Drug Free School Act of 1989. University sanctions could include penalties ranging from counseling or educational programming to suspension/expulsion from the University.

*Drug Policies:* The unauthorized possession, use, manufacture, sale, or distribution of any counterfeit, illegal, dangerous, “designer,” or controlled drug or other substance is prohibited. This includes prescription medications. Violating any other provision of the Student Code of Conduct while under the influence of any illegal or illegally obtained drug is also a violation of this policy (Refer to the University Drug Policy). The possession of drug paraphernalia is also prohibited (i.e., pipes, bongs, blunts). Any dilute, late, missed, forged, or failed university required drug screen will constitute a violation of this policy.

*Alcohol Policies:* The University, as a matter of policy, prohibits student consumption of beer, wine and distilled spirits in or at any University owned or controlled facility. This policy is based on a concern for the welfare of all members of the University community and are in keeping with the laws of the State of South Carolina, which state that the possession, consumption and distribution of alcoholic beverages by persons under the age of 21 is illegal; the University is a dry campus, and no one of any age may consume alcohol on University property.

## **\* W A R N I N G \***

- It is unlawful to be under the influence of, use, possess, distribute, sell, offer, agree or represent to sell narcotics, hallucinogens, dangerous drugs, or controlled substances, except as where permitted by law. **Possession of Drug Paraphernalia S.C. 44-53-391 & Simple Possession of Marijuana S.C. 44-53-370 (d) (4)** is punishable by up to 30 days in jail. **Possession of Cocaine S.C. 44-53-391** is punishable by up to 3 years imprisonment. **DISTRIBUTION OF DRUGS WITHIN PROXIMITY OF SCHOOL, S.C.44-53-445** is a felony punishable by up to 10 years imprisonment.

## Residence Hall Safety

---

The Universities Office of Housing & Judicial Affairs and the Department of Public Safety work closely together in an ongoing partnership to provide residents with a number of safety measures. These resources include continuing educational programs, development of safety-related policies, institutional sanctions for violations of University rules & policies, staff assistance in dealing with security problems, as well as emergencies and crimes that are committed on campus.

Together they closely monitor the housing area with random patrols as well as state of the art surveillance cameras. Residence hall visitors must be called in and unauthorized persons face being charges with trespassing. The Housing

staff gives high priority to the security needs of the residents. Resident Assistants receive training in crisis management, dealing with critical incidents, and monitoring the facilities. Housing staff make routine checks of floors, buildings, and the exteriors of the communities. Security concerns are reported to the appropriate people, i.e. the Department of Public Safety or the Department of Housing and Judicial Affairs.

Each semester, the Department of Public Safety and the Housing staff jointly provide safety programs to all residents. In addition, fire evacuation drills are conducted each semester.

Residents are the most important aspect of the cooperative effort to provide a safe and secure community. Residents are encouraged to be aware, be vigilant, and to keep doors locked at all times. Remember, the safety and security of the housing communities are everyone's responsibility.

On Campus student housing is located in the Palmetto Village Housing Complex, at 13 South Campus Drive Bluffton, SC 29909. For a review of the housing procedures and policies, please refer to the University Housing Office guide available online at:

- [http://www.uscb.edu/campus\\_life/housing/index.php](http://www.uscb.edu/campus_life/housing/index.php)

## **\*CAUTION\***

**FIREWORKS, EXPLOSIVES, WEAPONS AND FLAMMABLE LIQUIDS ARE STRICTLY PROHIBITED IN THE HOUSING COMMUNITIES. DEVICES USING OPEN FLAMES OR AN OPEN HEATING ELEMENT SUCH AS HEATERS, TOASTER OVENS, DEEP FRYERS OR**

**INDOOR COOKING GRILLS ARE NOT ALLOWED IN THE RESIDENCE HALLS. RESIDENTS ARE ALSO REMINDED THAT FALSELY ACTIVATING OR TAMPERING WITH FIRE SAFETY EQUIPMENT VIOLATES STATE AND FEDERAL LAWS, AND CREATES DANGERS FOR THE ENTIRE COMMUNITY IN THE CASE OF A REAL FIRE.**

---

## Fire Safety Systems

---

All residence halls on the campus of the University are equipped with fire sprinklers and fire alarm systems. The fire alarm systems and the automatic sprinkler systems are monitored electronically twenty-four hours a day seven days a week, 365 days a year by the University Police Communications Center. The University contracts with South Carolina licensed sprinkler contractors for annual testing and recertification of all fire sprinkler systems on campus, the technicians who maintains and tests the fire alarms systems in accordance with the National Fire Protection Association (NFPA) standard 72.

The Department of Public Safety Fire Safety Officers also inspects fire extinguishers on a monthly basis during its inspection of campus buildings. Residence halls and campus buildings are equipped with ABC fire extinguishers in the unit and throughout common areas. All residence halls have fire extinguishers installed per NFPA 10.

The number of fire drills conducted in residence hall each year is in accordance with the requirements of the International Fire Code (IFC) of 4 per year. Typically there are two fire drills in each residence hall per semester.

**~ S M O K I N G ~**

**SMOKING IS PROHIBITED IN ALL UNIVERSITY BUILDINGS AND HOUSING FACILITIES.**

## Fire Evacuation

Evacuation of any University buildings is mandatory whenever a fire alarm sounds. Sounding of fire alarms or tampering with fire safety equipment, including fire hoses, fire extinguishers, fire sprinklers and fire sprinkler piping, exit signs, emergency lighting, smoke detectors and the fire alarm systems is strictly prohibited.

## Crime Prevention Tips! Identity Theft

Some of the things you can do to minimize your risk of identity theft are listed below.

- Don't give out bank account or other personal information unless you have initiated the contact.
- Beware of e-mail or telephone promotions designed to obtain personal information.
- Use different passwords for banking, e-commerce, e-mail, and other accounts.
- Memorize your passwords. Don't carry them in your purse or wallet.
- Check with the credit card company if you miss a bill to insure that your address has not been changed without your knowledge.
- Write "See ID" on the signature line on the back of the card.
- Have your name removed from lists for pre-approved credit offers at (888) 567-8688 or go to [www.optoutprescreen.com](http://www.optoutprescreen.com)
- Never use your SSN for identification. Don't carry it or your Social Security card.
- Have new checks mailed to your bank for collection to avoid possible theft from your mailbox.
- Make sure your bank and credit card companies have your latest home and cell phone numbers, and e-mail address so they can contact you quickly if they suspect fraud in your accounts.
- If your wallet is lost or stolen; file a police report, report your credit and debit cards missing, close checking accounts, having a fraud alert placed on your credit reports.

## Crime Log Information

The University community is kept aware of reported incidents on campus through a variety of sources as listed above. The Department of Public Safety will make the crime log for the most recent 60 day period open for public inspection during normal business hours, Monday through Friday, 8 a.m. to 5 p.m. Portions of the log beyond 60 days, if not immediately available, will be made accessible within two business days of a request for public inspection. The log will not leave the premises, but notes may be taken of entry information.

## Crime Prevention Tips! Preventing Carjacking

**If you get involved with a carjacker, don't resist or argue. Your life is much more valuable than your vehicle. Be especially alert when parking at fast food places, gas stations, ATMs, and shopping areas along suburban highways.**

- Keep your doors locked and your windows closed.
- Know where you are going. Stop and get directions before you get lost.
- Avoid driving alone, especially at night and in dangerous areas.
- Never pick up hitchhikers.

- Drive to the nearest open business and call the police if anyone is following you. Don't go home.
- At stop lights, try to leave room to drive away if threatened. Be alert for anyone approaching.
- Keep purses and other valuables out of view. Put them in the trunk or on the floor.
- Honk your horn or flash your emergency lights to attract attention if you are threatened.
- Stay in your vehicle if you stop to aid others, and offer to call or drive to get help.
- Keep your vehicle in good mechanical condition so it won't break down.
- If your vehicle breaks down or runs out of gas, remain in your vehicle with the doors and windows locked until you can identify any person who comes to help.
- Be wary of minor rear-end collisions, especially at night on dark freeway off-ramps. Remain in your vehicle with the doors and windows locked if you are uneasy or suspicious. Drive to the nearest open business to check the damage and exchange insurance information. Call police if you're even slightly suspicious!
- Park in open, well-lighted, and populated areas near your destination.
- Avoid parking near trucks, vans, dumpsters, and that provides hiding places. Avoid parking or walking near strangers loitering or sitting in vehicles.
- Lock your vehicle and take your keys with you.
- Have your key in hand so you can open the door immediately.
- Check that no one is hiding in or around your vehicle before you get in.
- Ask a co-worker or security guard to escort you to your vehicle if your work late.
